Explanatory notes for the significant variations in the Financial Statements (Un-audited) for the First Quarter ended 30 September 2022:

Issue-1: Significant Increase in Revenue

Bangladesh Submarine Cable Company Limited (BSCCL)'s turnover is mainly comprised of IPLC Rent, IP Transit Service and Co-location Service. In addition to that, substantial effort of BSCCL's management, Govt. policy of digitalization of govt. service and introduction of 4G services contributed to increase in overall IPLC & IP transit consumption in the country. Consequently, BSCCL's revenue also increased.

Issue-2: Significant Increase in EPS

The increase in EPS is the result of increase in revenue and other income for the ordinary course of the business activities which has been disclosed in the notes 27 to 31 in the Revenue Part of the Statement of Profit or Loss and Other Comprehensive Income for the period under consideration. As such there is a positive impact of EPS enhancement. There was no significant Extraordinary Transactions during this period.

Diluted earnings per share has been calculated considering the potential 1,48,69,037 nos. of shares according to the recommendation of ICB Capital Management Ltd. being an issue manager and as approved by the Board of Director's in it's 195th BoD meeting held on 28th December 2021. It is to be mentioned that 1,27,04,174 nos. of shares to be issued against Tk. 1,40,00,00,000 received as equity money during the year 2015-2016 divided by the market value of Tk. 110.20 at the last working day of the financial year 2015-2016 and 21,64,863 nos. of shares to be issued against Tk. 26,00,00,000 received as equity money during the year 2016-2017 divided by the market value of Tk. 120.10 at the last working day of the financial year 2016.2017. Please note that the above issuance is subject to approval of concerned Ministry, Shareholders and Bangladesh Securities and Exchange Commission. Please further note that the above issue is pending to concerned Ministry for Approval of issue price and size.

Issue-3: Net Asset Value per Share

Net Asset value per share has been increased mainly due to ordinary course of business activities.

Issue-4: Equity Money

Please note that as BSCCL has not yet been able to convert the amount of Tk. 1,660,000,000 received from GoB as equity money into the Share Capital for valid reasons. As such, the company was not in the position to identify the potential number of shares issuable against the said equity money & consider the same to calculate the Net Assets Value (NAV) per share. But the company is actively working on it and hopeful to issue shares in favour of the Posts and Telecommunications Division of the Ministry of Posts, Telecommunications and Information Technology (MoPT & IT) against the equity money as soon as possible. It is to be mentioned that during the year 2021-2022 Tk. 24.96 crore a portion of Equity has been received as equity from Government for implementing the project named Installation of 3rd Submarine Cable for expansion of International Telecommunications System of Bangladesh which will be dealt with after completion of the project i.e. June, 2025.
